Our culture is becoming increasingly hostile to Christianity and to Christians. Today, it is a risk to call yourself a Christian. It may bring painful suffering. It takes courage and commitment. The Old Testament prophet Jeremiah faced similar times, but never wavered. He stands as an example of one who remained faithful to God among people who intensely opposed him. This Sunday evening series of messages will focus on inspiring incidents from Jeremiah's life that help us live with courage and commitment in these hostile times.
